## Simply one signature!

### Get more with SimplySign.

SimplySign is a qualified electronic signature that guarantees you complete mobility. It allows you to securely sign documents anytime, anywhere, whether you are using your phone, tablet or computer to do so. It works with any operating system and most importantly you can use it without a physical card or reader.

### Why SimplySign?

**Convenience** – you always use the same cloud-based e-signature for private and business matters.

**Speed** – it takes just three clicks to securely sign a document.

**Security** – provides strong authentication and compliance with international standards.

**Mobility** – you can use it whenever you want, without geographical limitations.

**Savings** – you gain time and reduce costs associated with printing and mailing documents.

**Availability** – it's on hand 24/7, whenever you need it.

### With SimplySign you can sign:

any file format on a desktop or laptop computer

pdf files on a phone and on a tablet
